

Letter to DVLA to change V5C

DVLA
Swansea
SA99 1BA

30th October 2005

Dear Sirs

Please find enclosed amended vehicle registration certificate for UGR 339K which is at present Statutory Off Road Notified.

The vehicle has been fitted with a new Doon body on the original, unmodified chassis. I have also enclosed a completed Built Up Vehicle Inspection Report, form V627/1, detailing the changes.

The vehicle will be insured from the 1st November and is due to go for its MOT on the 12th November.

I understand that to apply for a vehicle licence I will need to complete a V10 form and have a V5C with the correct Make and Model/Type details for the new body.

Photographs of the vehicle with its original body and the new body can be viewed on www.doon-buggy-L004.org.uk

Yours faithfully
